

Genesis 25:5-6

⁵ Now Abraham gave all that he had to Isaac; ⁶ but to the sons of his concubines, Abraham gave gifts while he was still living, and sent them away from his son Isaac eastward, to the land of the east.

If you notice, Abraham sent the sons of his concubines to the lands of the east. He did not send them westward towards Africa, but rather to the south and east of Palestine; which is exactly how we started down this journey back in **Ezekiel**. In order to validate that the Ethiopians and Libyans were from the Arabian Peninsula and not the continent of Africa, we first needed to establish that the name Ethiopian was a Greek name given to blacks. That historian such as Tacitus, Herodotus and Homer all believed that Jews were black. It was not that they were color blind, rather that the color of the Jews during the days in which they lived were black. Consider how many tribes in Africa and West Africa claim Israelite-Shemetic descent. These facts also prompted a known Arabic leader by the name of Gamal Abdan Nassir to publicly protest the Jewish occupation and control of Palestine in the 1950's by stating: *"You will never be able to live here in peace because you left here Black and now you have returned white. We cannot accept you."*

I have heard it said that through DNA studies, that it is impossible for two white people to conceive a black child; but that it is totally possible for two blacks to conceive a white child. If this is true, then it is only logical to believe that Adam and Eve were obviously blacker, than they were white. Obviously every Bible I have ever seen with pictures, show the first man and woman as Caucasian; which is impossible if the facts concerning DNA and color are conclusive. What is so profound to me is not what the color of the ancient Jews were, but rather to vividly capture that the very descendants of Ishmael and Esau, are the very people who are seeking the complete annihilation of the Jewish nation of Israel. I also find it startling that the very incident which brought division between Hagar and Ishmael from Abraham and Sarah is the foundation in which this demonic final holocaust was conceived. Remarkably, Ethnologists or anthropologists who study cultural origins believe that this region is the original origin of all the present races of men; this only validates what the Word of God has been saying for over six thousand years.

I believe that in light of these scriptures and current events that the day is drawing very near when Russia and the Arab States will set out to conquer and destroy Israel. So where will America be on that day? Author and Pastor John Hagee, gives in his book, 'Jerusalem COUNTDOWN', what I believe to be an enlighten perspective of our nation on that day; and I quote, "Why won't America respond? Let me venture to say that after America's extended war in Iraq, the next administration will probably be Democratic and will withdraw from Iraq, vowing to stay out of the Middle East in the future." I personally believe that if our nation turns its back on Israel at this time, that it will be the beginning of the end of life as we know it in this nation. God help us if we turn our backs on Israel!!
