

## Joshua 1:9

**"Have I not commanded you? Be strong and courageous! Do not tremble or be dismayed, for the LORD your God is with you wherever you go."**

Daily we are reading in the paper or watching on the news the tragic events surrounding the extreme Muslim fundamentalists. For far too long, the news agencies have provided a biased view to the rest of the world. We are constantly reminded of the tragic consequences when anyone stands up or speaks out against the Muslim religion. It is as if the spirit behind the media has a Muslim agenda. Never do you hear about the courageous men and women of our military who are risking it all to fight the war on terrorism. You not only never hear of their courage, but of their continuous sacrifices and acts of kindness to an enemy whose only agenda is to completely destroy them! For far too long, we the church have allowed this media pollution to exist without any accountability from them. How much more must the church endure in America, before we say, "no more"? When do we as a nation take a stand for all that this great land was built upon? Are we to continue to allow this spirit of fear that the media is so desperately pushing upon the general public that we eventually cave in to extreme fundamental Muslim tactics. When do we take a stand and say, "enough is enough"?

If we are ever to have victory in the war on terror, then perhaps we need to go back in history and look how others accomplished what we are apparently flailing in. Look with me at a publication on General Black Jack Pershing. Just before World War I, there were a number of terrorist attacks on the United States forces in the Philippines by Muslim extremists. So General Pershing captured 50 terrorists and had them tied to posts for execution. He then had his men bring in two pigs and slaughter them in front of the now horrified terrorists. Muslims detest pork because they believe pigs are filthy animals. Some of them simply refuse to eat it, while others won't even touch pigs at all, nor any of their by-products. To them, eating or touching a pig, its meat, its blood, etc., is to be instantly barred from paradise (and those virgins) and doomed to hell. The soldiers then soaked their bullets in the pigs' blood, and proceeded to execute 49 of the terrorists by firing squad. The soldiers then dug a big hole, dumped in the terrorists' bodies and covered them in pig blood, entrails, etc. They let the 50<sup>th</sup> man go. And for the next forty-two years, there was not a single Muslim extremist attack anywhere in the world. The question is, where do we find another Black Jack Pershing?

Church, we must never allow any force foreign or domestic, to have the power whether referred or implied to hinder or cripple us as a people, culture or nation! No longer must we allow a foreign religion to have dominion over our Christian Faith!! The only chance our children and grandchildren have is if you and I say "NO MORE"! This religion has declared war against America, her ally Israel, and against every Christian and Jew on the face of this planet. If we continue to carry the same apathetic and lethargic stand towards this war that the media is pushing on us; then America will fall. Only Jesus Christ our King can give us victory; let us all repent and seek His divine intervention! God Bless the United States of America!!
