

Proverbs 29:25

The fear of man brings a snare, but he who trusts in the LORD will be exalted.

One of the greatest travesties of all mankind is taking place in our own lifetime; yet, the world has turned a deaf ear. No greater injustice has taken place against a race or nation, like that which has, and is, continuing to take place against the Jews, as well as all of Israel. The Islamic nations have one goal that they have agreed upon, and that is the annihilation of every Jewish man, woman, and child. These butchers will stop at nothing in order to murder every Jew on this planet. They train even their own babies to develop a heart of murder at pre-school ages, and the world watches on. They attack innocent Jewish women and school children, and the world does and says nothing. Recently, one of these deranged killers murdered eight young Yeshiva students in Jerusalem, and wounded several others. They murder Jewish women, because they recognize that by murdering the women they will remove the babies that would have been born. They murder the babies, because they want to stop them before they grow up and fight them as adults. These people have no conscience, and they fire 40-100 rockets from Gaza daily into Israel, and our government warns Israel to do nothing in return. Why? Because our own President is doing everything he can at the expense of Israel, to bring peace to the Middle East. The bottom line is that our President is more concerned with his own legacy, than he is with the safety and welfare of Israel. These murderers are pawns in fulfilling Satan's own objective of destroying God's chosen people. Many Christians have turned a deaf ear as well, because they believe that the Jews are getting what they deserve; and that the church has replaced them, concerning the promises of God!

Beloved, don't be deceived! Should America, as well as the church turn a deaf ear against Israel in this her greatest time of need, then we will face an even greater judgment for refusing Israel all of the support available to us. Our nation is so torn today by the War in Iraq and Afghanistan, that I can clearly see us turning our backs completely on Israel in the very near future. If we do, then our own destruction will follow. What every American must realize, is that we need Israel, far more than Israel needs us! The Living God has promised Abraham in **Genesis 12:3, And I will bless those who bless you, And the one who curses you I will curse. And in you all the families of the earth shall be blessed.**" Would America tolerate a foreign nation firing missiles across our borders? Then why do we require Israel to do nothing about the innocent attacks and killings on a daily basis? Palestinians celebrated the deaths of these young Jewish students, and all we can do is to try and hold back the Israeli government from pursuing justice? Only a deviant people would ever require another from protecting oneself; and yet that is exactly what our government is doing. Throughout our world, Christians and Jews are persecuted and suffering for their faith; America believes that we are above such persecution, but that is only a fantasy. We cannot continue to go down this path of destruction, without any accountability. Our nation has overcome countless odds that were overwhelming, but that was because we were truly a Christian nation. With each passing day, we show to the world that we are no different than the rest of them. Look for yourself at the endless numbers of our students who are being raped and murdered on a daily basis, right on our campuses. We are not above God's Judgment, and should we fail to repent, then we will taste the wrath of God! Today we each have the freedom and opportunity to repent, and to seek God for ourselves, families, communities and nation. The question is, "What are you going to do?"
