

Psalms 25:22

Redeem Israel, O God, Out of all his troubles.

The eyes of the world are upon God's chosen people, and on the land given to them by our Heavenly Father. The European Union as well as the United Nations are both in direct opposition to the Jews retaining their birthright and promise. My question is, "Why do we care, let alone listen to the voices that stand against the Will of our God. Both of these organizations are corrupt and absolutely godless. It's as if you had a neighbor whose home was in total disrepair, and they complained about your new landscaping, who cares! For far too long America, along with the church, have listened to voices that are in direct violation to the Word of God. It is this very practice which has brought our great land into the depths of depravity that we are wallowing in today. Those very choices have fueled our nation away from our moral foundation, and onto one of economics. Are we as a nation willing to sell out Israel to their enemies for crude oil? Are we more interested in our pocketbooks, than we are in defending God's Holy Land from her sworn enemies? Why is our President financially supporting, and playing with terrorist nations, whose number one objective is the annihilation of Israel? Can peace be bought in the Middle East by giving Israel's birthright to the heathen nations which border her?

A small grassroots organization in Israel has secured billboard space during President Bush's three day stay in Israel. The poster that will be put up features a towering Bible in front of Jerusalem's Old City walls with the words, "Bush, Read Your Bible – God Gave Israel to the Jews." This problem with our President not knowing or reading his Bible is one that too many Christians are just as guilty of. President Bush also told Israel's largest daily newspaper that he would not support Israel making a preemptive strike on Iran's nuclear facility. He did go on to say that America would defend Israel if Iran attacked; but just how many Israeli's would be dead by then? This is in direct opposition to President Bush's stand against Iran in the previous months. The question must be asked, "Why all of a sudden, has there been such a policy reversal by our President?" Could all of this be part of a greater plan by the Living God, to show Israel that the Lord doesn't need America to protect her? If it is, then God help us all. I wonder how close we really are to the last days spoken in **Romans 11:25, For I do not want you, brethren, to be uninformed of this mystery, lest you be wise in your own estimation, that a partial hardening has happened to Israel until the fulness of the Gentiles has come in.** From the resurrection of Jesus Christ until today; we have been living during this time, which was designed to cause the Jews to become jealous of their God. More and more, that jealousy is becoming evident here in America, in Israel, and abroad. Many Christians have been deceived into believing that the church has replaced the Jews with the promises of our God. Nothing could be further from the truth. We are adopted, grafted in; but the original promise was to Abraham and his descendants. Amazingly the offspring of Ishmael are rallying together to destroy Israel, but is America willing to stand as her friend and ally? We must pray diligently for our President, and the plans which he is making that are going to bring a greater curse upon America, than we're already facing. Church if ever in the history of man, a time was needed for each of us to diligently seek our Maker for our own country, as well as for Israel, it is today!!
